I need comments on this as soon as possible. I promised claim owners that I'd have the access form to them COB Tuesday. I also need to run the updated language through legal.

I'm looking for general language about activities that EPA will be doing at claims near the gold king.

Thank you!

Please provide me comments on this. I would like to create a template consent for access form for the claim owners.

We can have a more detailed form specifically for Todd Hennis. We have a signed access agreement for him through Dec 2015. I will be working on an updated one that extends for a year or two.
